ALTERNATIVE BEDDING OPTIONS

Upright Rollaway Beds

Made with a solid wooden headboard and baseboard fitted with a posturised mattress. Heavy-duty castors facilitate easy movement.

Foldable Rollaway Beds

An ideal space-saving solution made with a metal base and fitted with a posturised spring mattress. Includes heavy-duty castors for easy movement and lock straps to secure the mattress.

Foldable Baby Cots

Create a family-friendly experience with safe sleeping solutions for babies and children.

Pull-out Sofa Beds

Handcrafted for smaller spaces to provide the comfort of standard seating with the benefit of additional sleeping space. Sofa beds can be tailored in an extensive range of upholstery options and sizes.

With a team of experienced craftsmen, strict quality control, a dedicated service team, and the ability to deliver orders with a short lead time, the Matsushita Group works closely with leading hospitality providers around the world to customise products for their guests. Our products are compliant with standard tests of safety, quality and durability.

OUR PORTFOLIO OF INTERNATIONAL LINES

King Koil, Dorma, Stylemaster, and Silentnight — affords clients the flexibility of full-suite customisation options, including, but not limited to, sizing, material, and colour.

MADE-TO-ORDER MATTRESSES

Our international mattress lines are the preferred choice of leading hoteliers worldwide. Crafted for an indulgent, unforgettable sleep experience, our comprehensive collection of mattresses will please even the most discerning guests. Choose from readily prepared specifications or work with our dedicated team to customise mattresses to meet your needs.

Whether you seek a super soft mattress with deep viscous memory foam, a firm chiropractic mattress with 100% natural latex, or even customised divans to complete the look, we are committed to creating the ultimate hotel experience for your guests.

BEDDING ACCESSORIES MENU

Developed for exceptional comfort and support, bedding accessories are essential to a luxurious sleep experience. Provide the best for your guests with our fine selection.

Microgel®

A superior, hypoallergenic alternative for guests with feather allergies. A King Koil original made in Korea.

Foss Flakes®

A Denmark-made original by King Koil. Hypoallergenic and washable, foss flakes products continue to maintain their loft even after multiple washes.

Premium White Goose Down and Feather

Distinctively lightweight with temperature-regulating properties, premium white goose down and feather is 100% natural and considered the best quality goose down available.

Smart Bedding

This NASA-formulated memory foam conforms to the contours of the body to provide optimal support and pressure relief.

Natural Latex

Natural Latex is an eco-friendly, breathable alternative that is 100% natural, and offers optimal support and pressure relief.

Protect-A-Bed™

A collection of waterproof and anti-bedbug protectors designed to ensure your guests sleep soundly and peacefully.

MADE-TO-ORDER SOFAS

Our sofa collection is handcrafted in Singapore using solid hardwood frames, spring coils, and high-density foams and fillings. Paying as much attention to style as we do quality, we offer a wide range of sofa designs — from streamlined, contemporary units to convertible ones — in over 100 upholstery options, including fabric, synthetic leather, and genuine cow leather. Understanding the durability and easy maintenance required of hospitality providers, most of our sofas are designed with removable coverings for easy cleaning and replacement.

Bespoke options and complementary furniture are also available.
